MEDICINAL.

Take Simmons' Liver Regulator

For all diseases of the Liver, Stomach and Spleen.

WILL CURE

DYSPEPSIA. I MUST OWN that your Simmons' Liver Regulator fully deserves the popularity it has attained. As a family medicine it has no equal. It cured my wife of a malady I had counted incurable -that wolfsbane of our American people, Dyspepsia.
A. E. P. ALBERT,
Professor in Nicholas Public School, Parish of Ter-

rabonne, La.

MALARIOUS PEVERS You are at liberty to use my name in praise of your Regulator as propared by you, and recommend it to every one as the best preventive for Fever and Agus in the world. I plant in southwestern Georgia, near Albany, Georgia, and must say that it has done more good on my plantation among my negroes than any medicine I ever used. It supersedes quinine if taken in time. Yours, &c., Hon, B. H. HIII.L. Ga.

CHILDREN!-Your Rogalator is superior to any other remedy for Malarial Disonses among children, and it has a largo sale in this sec-tion of Georgia.—[W. M. Russell, Albany, Ga.

CONSTIPATION. TESTIMONY OF THE CHIEF JUSTICE OF CEORGIA.-I have used Simmons' Liver Regulator for constipation of my bowols, caused by a temporary derangement of the liver, for the last three or four years, and always, when used according to the directions, with decided benefit. I think it is a good medicine for the derangement of the liver—at least such has been

my personal experience in the use of it. HIRAM WARNER, Chief Justice of Georgia.

SICK HEADACHE. EDITORIAL-We have tested its virtues, personally, and know that for Dyspapsia, Biliousness and Throbbing Headache, it is the best medicine the world ever saw. We have tried forty other remedies before Simmons' Liver Regulator, but none of them gave us more than temporary relief; but the Regulator not only relieved but cured us.-[Editor Tele-graph and Messenger, Ma-con, Ga.

COLIC AND GRUBBS IN HORSES. Having had during the last twenty years of my life to attend to Racing Stock, and having had so much trouble with them with Colle, Grubbs, &c., gave me a great deal of trouble. Having heard of your Regulator as a cure for the above diseases, I concluded to try it. After trying one PACKAGE IN MASH I found it to cure in every instance. It is only to be tried to prove what I have said in its praise. I can send you certificates from Augusta, Clinton and Macon

FRIDAY, APRIL 20, 1877.

Outrages Upon Females. There seems to be an epidemic of outrages upon females, and the newspapers are filled with accounts of them. A case that occurred near Annapolis was published Wednesday, and the following shocking cases have been reported since :-

In Sedalia, Mo., in a little one-story brown house, on Wednesday morning, there was perpendicular trated one of those terrible crimes which make the heart shudder and turn every man's blood into fire. The victim of the outrage is a stranger in that city, visiting a married sister, and had only been a few days in town. Her sister had stepped out to visit a neighbor, and the young lady was left alone in the house. About 10 o'clock a man appeared at the front door and knocked for admittance. Oa opening the door the young lady (she is only eighteen years of age) was confronted by a large, weather-beaten man, about fifty years old, of tall, sinewy frame, and with hair slightly streaked with gray. The young lady was wiping ber hands on a towel at the time of the knock, and opened the door with the towel in her hand. As soon as the tramp saw her he seized hold of her, and snatching the towel out of her hand, bound it tightly around her face and mouth. He flung her upon the bed and then took a cord from a curtain and bound her hands and legs. The hands were stretched out and tied to the bedposts at opposite extremities, and the deed was accomplished. The miscreant was in the house tifteen minutes, and made his escape by a rear kitchen window, and from

thence into an alley, where he disappeared from view. The news flew like wildfire throughout the city, and very soon the city was being scoured for the villain. At 2.30 the fire bell was rung, giving the alarm of fire, which brought to the city hall 300 or 400 people in a very short time. Mayor Blocher mounted a load of wood and told the people they should make an organized effort to eatch the man. To that end squads of men went in every direction. A man was heard of at Lewis Station, on the M. K. and T. road, that, it was thought, answered the description of the ravisher. Superintendent Gardner immediately dispatched a special train, and it was learned that he was not the man. At nine o'clock that night he had not been

arrested. The Gordonsville Gazette says :-There is confined in the Orange jail a poor lunatic woman, who shall be nameless in her woe; a colored woman has been her attend ant and last Friday evening she went out of the cell a few minutes to get some water. In the little while that this servant was out, a negro man entered the cell and ravished the poor woman. What fate is too bad for the perpetrator of the crime! There are times and occasions when the swift hand of vengeance, not in the sense of personal and vindictive revenge, but as the calm and determined punishment of the violation of all that is purest and holiest and most sacred, becomes, and ought to become, the common law of the land. We cannot brook the law's delay then, nor the revolting testimony, nor the smell of innocent blood, nor the mosnings of chastity violated, of innocence outraged, of a poor, helpless, crazed woman set upon and rayished by a beast in human

shape. Let the ravisher be destroyed. GOVERNMENT OF CITIES,-The greatest disability a city has to contend with is the large body of voters who have no stake in proprietary interests. The idle, the worthless, the criminal classes swarm in the slums of a city. And they are voters. Having no taxable prop erty, and by their habits cut off from any hope of accumulating property, they are reckless and generally corrupt, and can be and are controlled by combinations of self seeking persons. It is by the suffrages of these irresponsible persons that disreputable persons find their way into Councils and are thus able to give color and di rection to city legislation. It is not the tax-payers who saddle cities with great debt burdens, but the non-taxpayers-men who have nothing, and because of their liabits never can have anything. But they go to make up a following. The taxpayers of New York did not put Tweed and his coadjutors in power and keep themi n power. It was the men who had votes but no stake in city government who did it. And it is the same wherever similar misgovernment exists. The non-taxpayers constitute a physical balance of power in all large cities, and the few men who are smart enough to wield that balance inevitably exercise major control. It is

nothing new. It will be something new when Physicians' Prescriptions accurately comthe truth is otherwise. The commissions appointed to inquire into the government of great cities in Pennsylvania and New York have suggested a remedy for the evils complained of. The opinion is gaining ground that something more than residence is necessary to qualify a man for voting for Councilman. We can never encourage people to become taxpayers so long as the taxpayer is placed at the mercy of the grand army of worthless bummers who vote as they are pointed and paid, and who more than half subscribe to the notion that every man who owns his own house is a robber. If a dozen men should voluntarily contribute each \$1,000 to carry out compound Physicians' Prescriptions, or disa public improvement would it be fair to give the disbursement of that fund to men who contribute nothing and who don't know where the next square meal is to come from? We say

no, to that question. And there we leave the matter for the present .- Phila. North Amer. EXCELSIOR CROQUET. LADIES' FAVORITE,
